Lesson

Bereishit

Tanach - Acronym for *Torah, Nevi'im, Kesuvim* = Law, Prophets, Writings

Why did the Jews call the five volume set of books the *Torah*?

Luke 24:44 = The Law of Moses - Hebrew for Law is *Torah*

Pentateuch - Greek for *five-fold* = Greek name for first 5 books

Septuagint - Latin for *seventy* = OT translated Hebrew to Greek in 300 BC by 70 (or 72) scholars

Bereishit - Hebrew for *In the beginning* = Jew's name for Genesis, Title is first word

Genesis - Greek for *origin, coming into being* = Title describes contents

Originated from Greek word for generation = 10 generations in book: 5 of all people, 5 of Jews

Genesis 2:4; 5:1; 6:9; 10:1; 11:10; 11:27; 25:12; 25:19; 36:1; 37:2

Who Wrote Genesis?

Jews and Christians have historically named Moses as author & compiler of the Pentateuch

Most of Genesis clearly originated around 2000 BC (time of the patriarchs)

What are some examples where the Bible implies that Moses wrote the Torah?

John 5:46 (Exodus 17:14; Joshua 8:31-32; Acts 15:1) = Jesus said, *Moses ... wrote about Me*

What are a couple of examples that point to possible involvement in Genesis after Moses' time?

Genesis 35:20 = *... to this day that pillar marks Rachel's tomb*

Genesis 36:31 = *... before any Israelite king reigned*

Some scholars over the last 300 years have divided the Pentateuch into 4 sources, 3 in Genesis

J - 50% of Genesis, J sections use YHWH as name for God (Jehovah or Yahveh)

E - 35% of Genesis, E sections use Elohim as name for God (God)

P - 15% of Genesis, P sections added to J & E and used to merge into our current Genesis

Recent scholars have argued for one skillful author who purposely used repetition & variation

Does it matter who wrote Genesis and when?

2 Timothy 3:16-17 = No, God breathed (inspired) it for the purpose of teaching us

Should we be concerned that some parts might have been added or changed?

2 Peter 1:20-21 = No, it was written by God as He wanted it despite who & when

Dr. Gerald Schroeder (physicist), *The Science of God*, Simon & Schuster, New York, 1997

Moses Maimonides (medieval philosopher): *Conflicts between science and the Bible arise from either a lack of scientific knowledge or a defective understanding of the Bible.*

Schroeder's Golden Apples

A word well spoken is like apples of gold in bowls of silver. Proverbs 25:11

“Seen from a distance, only the silver bowl [Bible text] and its beauty are noticed. With closer inspection [deep study] the more valuable apples of gold [quiet truths] are discovered within.”

First Golden Apple - **The Six Days That Preceded Adam and Eve**

Genesis 2 and rest of Bible count days from creation of Adam and Eve
Genesis 1 counts 6 days from the creation of the universe

Second Golden Apple - **Understanding Time**

Einstein's Law of Relativity - Flow of time at a location is a function of its gravity (G) and velocity (V)
The duration between clock ticks in a high-G or high-V environment is longer than in low-G or low-V

Third Golden Apple - **The Many Ages of Our Universe**

The age of anything (including the universe) will differ per the location where it is measured

Fourth Golden Apple - **A Universal Clock**

Archaeology confirms that dates given in Bible (Genesis 2 and on) are from the earth's perspective
Genesis 1 cannot use earth-based time because there was no earth during the first two days
The only perspective available for the entire Six Day period is that of the total universe

Fifth Golden Apple - **When the Universe Was Small**

The “big bang” produced tremendous energy which allowed matter to form ($E = m c^2$)
For each doubling of universe's size, relative time halves (distance between radiation wave crests)

Sixth Golden Apple - **The Ages of Our Universe**

Redshift factor (z) is ratio of observed stretched wavelength relative to its emitted wavelength
Redshift observed today is 10^{12} - Works out to 15.75 billion years looking *back* from today
Genesis 1 states time looking *forward* from the creation - 15.75 billion years works out to 6 days

Bible's Perspective <u>Looking Forward</u>		Earth's Perspective <u>Looking Back</u>		<u>Main Events of the Period</u>	
Since Creation Duration (days)	(hours)	Before (billion) (years)	Duration (billion) (years)	<u>Bible's Description</u>	<u>Scientific Description</u>
1	24	15.75	8	Creation of the universe Light separates from dark	Universe created in big bang Electrons bond to nuclei, emitting light Galaxies start to form
2	24	7.75	4	Heavenly firmament forms	Milky Way disk forms; Sun forms
3	24	3.75	2	Oceans & dry land appear First life (plants) appear	Earth cools & liquid water appears First life immediately appears (bacteria and photosynthetic algae)
4	24	1.75	1	Sun, moon & stars become visible	Atmosphere becomes transparent Oxygen from photosynthesis
5	24	0.75	0.5	First animal life abundant Reptiles Winged animals	First multi-cellular animals Waters swarm with animal life Winged insects appear
6	24	0.25	0.25	Land animals; mammals Humankind	Massive extinction; Land repopulated Hominids and then humans

Fossil record shows that all animal phyla appeared almost simultaneously 530 million years ago. All further development was confined to variations within each phylum. No new phyla have appeared since that explosion of life.

This burst of life can only be explained by God creating it.

There were no “billions of years” for the amino acids to combine randomly into life.

Genesis 1

<p>In the beginning God created the heavens and the earth. Now the earth was formless and empty, darkness was over the surface of the deep, and the Spirit of God was hovering over the waters.</p>	1 2 3 4 5		<p>And God said, "Let there be light", and there was light. God saw that the light was good, and he separated the light from the darkness. God called the light "day", and the darkness he called "night".</p>	20 21 22
			<p>And there was evening, and there was morning - the first day.</p>	23
<p>And God said, "Let there be an expanse between the waters to separate water from water." So God made the expanse and separated the water under the expanse from the water above it. And it was so.</p>	6 7 8		<p>And God said, "Let the land produce living creatures according to their kinds: livestock, creatures that move along the ground, and wild animals, each according to its kind. And it was so.</p>	24 25
			<p>And there was evening, and there was morning - the second day.</p>	
<p>And God said, "Let the water under the sky be gathered to one place, and let dry ground appear." And it was so.</p>	9 10		<p>God made the wild animals according to their kinds, the livestock according to their kinds, and all the creatures that move along the ground according to their kinds. And God saw that it was good.</p>	26
<p>Then God said, "Let the land produce vegetation: seed-bearing plants and trees on the land that bear fruit with seed in it according to their various kinds." And it was so.</p>	11 12		<p>Then God said, "Let us make man in our image, in our likeness, and let him rule over the fish of the sea and the birds of the air, over the livestock, over all the earth, and over all the creatures that move along the ground." So God created man in his own image, in the image of God he created him; male and female he created them.</p>	27 28
			<p>And there was evening, and there was morning - the third day.</p>	
<p>And God said, "Let there be lights in the expanse of the sky to separate the day from the night, and let them serve as signs to mark seasons and days and years, and let them be lights in the expanse of the sky to give light on the earth." And it was so.</p>	13 14 15		<p>God blessed them and said, "Be fruitful and increase in number; fill the earth and subdue it. Rule over the fish of the sea and the birds of the air and over every living creature that moves on the ground." Then God said, "I give you every seedbearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food. And to the beasts of the earth and all the birds of the air and all the creatures that move on the ground - everything that has the breath of life in it- I give every green plant for food." And it was so.</p>	29 30 31
			<p>And there was evening, and there was morning - the fourth day.</p>	
<p>God made two great lights - the greater light to govern the day and the lesser light to govern the night. He also made the stars. God set them in the expanse of the sky to give light on the earth, to govern the day and the night, and to separate light from darkness. And God saw that it was good.</p>	16 17 18		<p>God saw all that he had made, and it was very good.</p>	31
			<p>And there was evening, and there was morning - the fifth day.</p>	
<p>And God said, "Let there be lights in the expanse of the sky to separate the day from the night, and let them serve as signs to mark seasons and days and years, and let them be lights in the expanse of the sky to give light on the earth." And it was so.</p>	19		<p>Thus the heavens and the earth were completed in all their vast array.</p>	2:1
			<p>And there was evening, and there was morning - the sixth day.</p>	
<p>And God said, "Let there be lights in the expanse of the sky to separate the day from the night, and let them serve as signs to mark seasons and days and years, and let them be lights in the expanse of the sky to give light on the earth." And it was so.</p>	20		<p>By the seventh day God had finished the work he had been doing; so on the seventh day he rested from all his work.</p>	2
			<p>And there was evening, and there was morning - the seventh day.</p>	
<p>And God said, "Let there be lights in the expanse of the sky to separate the day from the night, and let them serve as signs to mark seasons and days and years, and let them be lights in the expanse of the sky to give light on the earth." And it was so.</p>	21		<p>And God blessed the seventh day and made it holy, because on it he rested from all the work of creating that he had done.</p>	3
